The entrance to the building is located approximately 75 feet on the north side of 7th Street from Second Avenue. The headquarters is a street front located adjacent to the entrance to the apartment building, 45 E. 7th Street. East of the headquarters store front are located 4 similar store fronts within the same building. These are described as follows from the headquarters going east: New York Telephone Company; empty store front; law office; empty store front.

There are 4 floors of apartment dwellings above these store fronts in the building.

There is a street light located on the north side of 7th Street, approximately five store fronts east of the headquarters. Inasmuch as the nearest other street light is located on the southeast corner of 7th and Second, the immediate area of the headquarters is reasonably dark in evening hours.

V. Plan of Entry (u)

7/15) A suitable surveillance will be instituted early Friday, 5/27/60, in order to determine the subject's destination for the week end. A survey of the subject's apartment building has revealed considerable traffic between floors of the tenants during the day and early evening hours. However, after 9 p.m. in the evening, the building is relatively quiet. The entry party, equipped with a camera unit and a handy talkie radio could utilize the empty apartment on the second floor until an appropriate time late Friday evening. This would furnish maximum interior security. Outside security would be maintained by a radio car unit parked in the vicinity. (u)
